Profile

I, Joyonto Karmakar, graduated from Southeast University with a Bachelor's degree in Computer Science and Engineering. I am a dedicated and self-motivated individual with a strong passion for continuous learning and adapting to modern technologies. Over the years, I have developed a growing interest in exploring new ideas, solving complex problems, and understanding how technology shapes the future. I value discipline, teamwork, and creativity in achieving both academic and professional excellence. My goal is to pursue advanced studies to broaden my knowledge, enhance my research capabilities, and contribute to the advancement of innovative and technology-driven solutions.
